JTA Health, Safety & Noise Specialists Pty Ltd
ABN: 78 007 071 383

Senior Asbestos & Hazmat Consultant

About the Company

JTA is one of Australia's leading independent workplace consultancies. A national organisation based in Melbourne, we've helped businesses manage their occupational health, safety and noise requirements for 35 years.

JTA has an opportunity for an Asbestos and Hazmat consultant to join our team.

The Role:

- Auditing a range of sites conducting asbestos and hazardous materials assessments;
- Technical report preparation;
- Provide asbestos air monitoring and clearances inspections during hazardous material removal projects in accordance with industry and government legislation;
- Approved airborne asbestos fibre counting in our NATA Accredited Laboratory.

The ideal Candidate will have:

- Experience in asbestos auditing of a range of residential and commercial structures;
- Excellent attention to detail;
- Ability to build meaningful relationship with clients;
- The ability to work autonomously in the field; and,
- A current Australian drivers licence.

Benefits:

This role represents an opportunity for you to be part of a recognised industry leader in providing asbestos, hazmat and occupational hygiene solutions. We are looking for a person with a well-rounded knowledge of the Hazmat/Asbestos industry. JTA can also offer you the opportunity to grow your knowledge and skills in other areas of OHS. We work to cross-skill all members of our team.

If you would like to represent JTA successfully, please forward your resume and cover letter to careers@jta.com.au
