JTA Health, Safety & Noise Specialists Pty Ltd

ABN: 78 007 071 383

Occupational Hygienist / OHS Consultant

- Well established, medium sized firm with excellent reputation
- Senior role with career progression opportunities
- Laptop, car and phone provided

The Company

JTA Health Safety & Noise Specialists Pty Ltd (JTA) is a medium sized OHS&E consulting firm established in 1988 and operating throughout Australia. Our business is split into 3 practices: Health, Safety and Noise, and is focussed on providing services of a high standard to our clients through the objective assessment of risks and practical risk control solutions. Our core mission is to provide Occupational Health, Safety and Environmental services of the highest standard. JTA has an established first tier client base including federal, state and local government and some of Australia's largest commercial and retail businesses as well as a range of smaller clients.

The Role

Due to our growing client base and increasing demand for our services, we are looking for a highly motivated Senior Occupational Hygienist with excellent communication skills to join our Safety team.

Encompassing the provision of quality health and safety consulting services to clients from a range of industries, your new role will include:

- Undertaking the following services
 - Third party management system / safety plan audits
 - Traffic Management Planning
 - Risk assessments
 - Management System Development
 - Health and Safety Training
 - Hazardous Chemical audits
- Report preparation
- Project management
- Internal and external meetings with colleagues, clients and authorities
- Presenting, conducting and facilitating training courses

The Person:

The right person for this role will have tertiary qualifications in OHS/Occupational Hygiene and strong consulting experience.

Your technical skills will include demonstrated experience in:

- Construction, mining or utilities industries
- Third party auditing
- The development of health and safety management systems

The following will be highly regarded:

- Occupational Health and Safety auditor qualifications and / or certification
- Certificate IV in Workplace Training and Assessment and experience in delivery of workplace training
- Experience in occupational hygiene, hazardous chemical management, ergonomics, manual handling or asbestos.

And you will definitely need:

- Well-developed organisational and time management skills;
- The ability to work independently on complex projects, and in a team environment
- High level report presentation and personal communication skills
- High attention to detail in all aspects of your work
- Advanced use of MS Excel and Word
- A clean Victorian drivers license and availability for regular interstate travel.

This role will be full time and the salary package will be based on your qualifications, demonstrated skills, and experience.

Our culture is underpinned by our values and our behaviours: doing the right thing; exploring new ideas; collaborating and sharing knowledge, and ensuring our own and each other's well-being.

JTA is committed to the ongoing development of staff and will provide a defined training structure for the successful candidate.

If you believe you are the talented person we are looking for and want to join a team of like-minded individuals, please forward your resume and cover letter to kerri@wellingtonconsulting.com.au.
